THE CONVENTION.
A Splendid Ticket Rewards Its Labors.

Tumultuous Scenes During the Closing Hours of the Day.

McKenna and Campbell Nominated For Congressmen at Large.

Holt's Little Telegram Proved a Boomerang—The District Conventions Make Their Nominations—Adjourned Nine O'Clock.

By Telegraph to The Times.

SACRAMENTO, Aug. 14.—[Special.] The convention adjourned at 6 o'clock after having nominated the strongest ticket, as is universally conceded, ever put forth by a California convention.

Tonight a grand ratification is in progress and Sacramento resounds with the cheers of the marching Markham men. Many delegates left for home today, some going to San Francisco. The Union League of the latter city gives a reception to Markham on Saturday night, which the Los Angeles contingent will attend in force.

Col. Markham has been overwhelmed with messages of congratulation from all parts of the country. The adjournment finds all wounds healed and the entire party united.

JAWHAWKER.

MORNING SESSION.

The Work of Completing the Ticket Continued.

SACRAMENTO, Aug. 14.—[By the Associated Press.] The State Convention was called to order at 10:20 this morning. The first business taken up was the nomination of candidates for Associate Justice of the Supreme Court for the short term.

Frank McGowan, of Humboldt, nominated J. J. DeHaven, of that county. The nomination was seconded by George A. Knight, of San Francisco.

L. H. Short nominated George A. Moore, of Fresno; the nomination was seconded by William Collier, of San Diego, J. G. North, of San Bernardino, and C. M. Shortridge, of Santa Clara.

Haven's nomination was also seconded by H. Clark, of Yolo, and H. V. House, of Santa Clara.

DeHaven then proceeded to nominate McGowan, and the latter received 355 votes to 117 for Moore, and Short, of Fresno, accordingly moved that DeHaven's nomination be made unanimous. This was agreed to and the convention proceeded to nominate candidates for

SECRETARY OF STATE.

Davis, of Alameda, nominated E. G. Waite. The nomination was seconded by Lyons, of Nevada; Moore, of Los Angeles, and Adams, of San Luis Obispo, after which Waite was nominated by acclamation.

The nomination was greeted with cheers. Waite appeared at the chairman's desk and thanked the convention.

STATE CONTROLLER.

Nominations of candidates for State Controller were taken up.

A. B. Coulking of Inyo, nominated S. G. Hanscom of Stanislaus; A. H. Williams nominated E. P. Colgan of Sonoma; F. H. Greeley of Yuba, nominated J. B. Fuller of that county.

A call of the roll resulted as follows: Colgan, 258; Hanscom, 211; Fuller, 208. No candidate received the requisite number of votes (339) and another ballot was ordered.

While the second ballot was being taken Fuller's name was withdrawn. Colgan received a majority by the time San Mateo county was reached, and his nomination was made unanimous. The convention took a recess until 2 o'clock.

AFTERNOON SESSION.

The Convention Completes the Ticket and Adjourns.

SACRAMENTO, Aug. 14.—[By the Associated Press.] On reassembling this afternoon the convention proceeded to nominate a State Treasurer.

Heacock of Santa Barbara, presented the name of Levi Rockliffe of San Luis Obispo.

Louttit of San Joaquin, presented the name of J. R. McDonald, of Stanislaus.

The vote resulted: McDonald, 343; Rockliffe, 337. McDonald's nomination was made unanimous.

H. H. Davis of San Francisco, then nominated George D. Collins of San Francisco, for the office of Attorney General.

H. V. Morehouse of Santa Clara, nominated W. H. Hart, of San Francisco.

James M. Mann of Mendocino, nominated E. C. Hart of Sacramento.

W. H. Hart of San Francisco, was nominated on the first ballot, receiving 351 votes.

S. M. Shortridge of San Francisco, then re-nominated Theodore Reichert for the office of Surveyor General.

Edward Sweeney of Shasta, nominated James M. Gleaves of that county. Reichert was nominated for Surveyor General unanimously before the roll call was completed.

The following nominations were next made for the office of Clerk of the Supreme Court: Charles B. Oberacher of Alameda, Edward I. Wolfe of San Francisco, L. Brown of Solano and A. J. Raich of San Francisco.

The first roll call on Clerk of the Supreme Court resulted in a great confusion owing to the number of delegations making changes in their votes. A new roll call was accordingly ordered.

After an exciting scene Brown received the nomination.

J. W. Anderson of San Francisco was nominated for Superintendent of Public Schools by acclamation.

Hon. W. W. Morrow was nominated for congressman-at-large.

J. C. Campbell of Stockton was nomi-

inated by acclamation as congressman-at-large. The convention adjourned sine die at 6:15 pm.

FOR CONGRESS.

McKenna Renominated by Acclamation.

SACRAMENTO, Aug. 14.—[By the Associated Press.] The First Congress District Convention met at 1 o'clock this afternoon. Mr. F. Coombs of Napa, presided. The district comprises the counties of Colusa, Del Norte, Humboldt, Lake, Mendocino, Modoc, Napa, Plumas, Shasta, Sierra, Siskiyou, Sonoma, Tehama and Trinity.

Two candidates were placed in nomination, James Enos and J. C. Holloway, both of Sonoma. On roll call Enos received 13 votes to 14 for Holloway, and Enos's nomination was made unanimous.

Enos appeared before the Convention and stated he did not feel himself in a position to accept the nomination, and therefore declined to accept. Mr. Holloway also said he was not a candidate, and the convention accordingly took a recess until late this afternoon.

The First Congress District convention held another session last evening. The names of W. W. Kellogg of Plumas and Edward Sweeney of Shasta were presented for the Congressional nomination, but both declined to serve and the convention adjourned to meet in San Francisco, on August the 23d.

SECOND DISTRICT.

The Second Congress District Convention met in the Supreme Court chambers this morning. J. L. Vidder of Nevada, was made chairman, and Leevinski of San Joaquin, secretary.

John Eagan of Amador, nominated George G. Blanchard, of El Dorado, for Congress. The nominations closed and Blanchard was nominated by acclamation, after which the convention adjourned.

M'KENNA RENOMINATED.

In the Third Congress District Convention, W. R. Davis of Alameda, presided. Joseph M'Kenna was renominated for Congress by acclamation.

FIFTH AND SIXTH DISTRICTS.

The Sixth Congress District Convention will meet at Fresno, August 26th. The candidates are Rowell of Fresno, Hervey Lindsey of Los Angeles and Senator Bowers of San Diego.

It has been decided to hold the Fifth Congress District Convention in San Jose, but the date has not been fixed.

DETAILS OF THE DAY.

Exciting Episodes—Superintendent Holt and his Telegram.

SACRAMENTO, Aug. 14.—[By the Associated Press.] The Republican State Convention adjourned at 6:15 this evening. With the exception of the two closing hours almost the entire day was occupied in long, weary roll calls and the two closing hours were connected with the proceedings. When the convention met this afternoon delegates went to work in earnest to dispose of the few remaining nominations and it was very evident that there was a general desire to conclude the business of the convention before another adjournment was taken.

The State Treasurer and Attorney General were disposed of as quickly as possible by bestowing the former upon J. K. McDonald of Stanislaus, and the latter upon W. H. Hart of San Francisco.

The first real contest of the day then occurred when the chairman announced that nominations for Clerk of the Supreme Court were in order, and the convention witnessed the first general excitement since the nomination of Col. Markham yesterday.

There were four candidates in the field for Clerk: Ra

BENNETT AND RICKBAUGH

A Dispute About a Board Bill and a Warrant.

Night before last, shortly before the 10:40 train for San Francisco pulled out, Mr. Bennett, of the Hoffman House, called at the police station and stated that he believed one of his boarders was about to leave without settling his board bill. Deputy District Attorney Hardesty was called, and when Mr. Bennett informed him that the gambler, A. Rickbaugh, had smuggled baggage out of the house without paying his board bill, amounting to about \$100, a complaint was drawn up and a warrant issued and placed in the hands of one of the detective police, who rushed down to the Southern Pacific depot. The blue coat examined the baggage and found the train pull out, but the wild-eyed criminal could not be found and no arrest was made.

Yesterday it was learned that the heavy weight gambler left the city for San Francisco at noon, several hours after the police had been notified. He discovered that he had been "done up." When Rickbaugh took up his quarters at the Hoffman he had a private lock put on his door and the hotel people were not honored with a passkey. They did not know that their man was there, and they waited for leaving them until late Wednesday afternoon, when he sent his key and a note saying that he was going out of town, to the hotel office. The land lord rushed up to the gambler's room to see how much baggage had been left and was probably about to find the rooms empty so far as Mr. Rickbaugh's belongings were concerned. When or how he got his traps out of the hotel is a mystery, for there were several porters and guards about the house all the time, but he succeeded, and it is now the patent of his own.

Rickbaugh is one of the best known sporting men on the Coast. During the boom in this city he ran two or three high-toned gambling places and was considered the richest gambler in the city.

He held on long after his brother-in-law, the profession had shaken the city from the Angel City from their feet, and he and Tom Rodman ran pool rooms and turf exchange on Spruce street, near the Pasadena House, during a few months ago. "Rick" as the boys called him, blew in considerable money on this venture and when he quit he and Rodman were not on the best of terms. He then took the Hoffman House and ran it a few weeks, when he sold out to Bennett, who now wants his scalp. He is supposed to be in Tacoma, and his friends say he will come back here and settle up in a few days.

THE RAILROADS.

The Atlantic and Pacific Extension—The Cross Road.

A letter was received in this city today from one of the engineers who are now at work on the Atlantic and Pacific extension to San Francisco, and he states that he has it on good authority that they will be put on construction in a very few weeks.

The principal stockholders in the Cross road will reach this city from Kansas City in a few days, and will spend a week or two in Southern California.

It was stated on good authority yesterday that some of the road people will ask the City Council for a right of way through the city for themselves and the Union Pacific soon now.

The Southern Pacific overlaid which should have reached this city at 10 o'clock last night, was seven hours late on account of the bad weather in Arizona. A train was made up and went out at 10:40 in place of the overland.

BIT HIS EAR OFF.

Result of a Fight on Boyle Heights Tuesday Night.

A serious difficulty occurred last Tuesday night, but so far no arrests have been made in the case. W. H. Lansing, who keeps a saloon near Evergreen cemetery, on Boyle Heights, is partially paralyzed, and Tuesday night had a dispute with the owner of the building occupied by him, an old man named Cheeseborough, over the possession of a wagon. After some words, Lansing attempted to take the wagon away. Then Cheeseborough wrote him down, and while he was jumping on him, and bit off the top of his right ear, besides injuring him in other ways. Cheeseborough was finally pulled off of Lansing, when Dr. Morrison was sent for and patched the wound up. So far no complaint has been made against Cheeseborough, although the crime mayhem is a felony punishable by term in the penitentiary.

REDONDO.

Chautauqua Graduates Receive Their Sheepskins.

RECOGNITION DAY EXERCISES

An Encouraging Financial Report
From President Fleming—Dr.
DuBose Speaks—General Notes.

The Chautauquan Assembly came to a close yesterday. When it is remembered that this has been the first annual gathering of this great organization at Redondo, its success cannot but impress itself upon the public generally, while to those who have managed it so efficiently the result of their labors has proved altogether gratifying. Redondo has established an enviable reputation during her brief but eventful career. In addition to her magnificent hotel, excellent railroad and steamship facilities, perfect bathing beach and other natural attractions, Redondo has become the headquarters of the Chautauquan of Southern California. The vast amphitheater is theirs and for their exclusive use. During the past fifteen days its walls have resounded with the glorious music of a chorus 200 strong and led by one of the most famous directors on the coast. Hugo Mansfield, our favorite pupil of Liszt and one who stands without a peer as a pianist in this part of the country, has delighted thousands who came for no other purpose than to hear him; while many of the most famous lecturers of the day have spoken. There have been physical as well as mental attractions. The spacious athletic grounds have already proved a happy hunting ground for the sportsmanly element. On Wednesday received some handsome trophy through the generosity of the assembly. Other assembly attractions included several superb pyrotechnic displays, organ recitals and a variety of other entertainments. Truly the Chautauquin never had Redondo as a center of art and science, the home of musicians and scholars, a place where the body as well as the mind developed, and where entertainment and amusement hold full sway. The success of the opening year has been phenomenal even greater wings may be expected for the second season.

The closing or Recognition day exercises were held in the amphitheater at 11 o'clock in the morning. The attendance was large and representative. Of the stage besides the president, S. J. Fleming, were seated Rev. Dr. H. Pendleton, Mr. Wm. L. Bates, Mr. E. M. Phillips and S. H. Weller.

The exercises were opened by responsive reading led by Dr. DuBose. Prayer was offered by Rev. Weller. Rev. Phillips then read the class papers "Arise All Souls, Arise," written by Mary A. Latilburg, the Chautauquen poet.

Rev. Dr. Pendleton in behalf of the examining committee, spoke in terms of most complimentary of the high-grade examinations which the contestants in the Luke contest, had passed. He said that he could see no winner of the contest and did not find an equal number of people so well versed in that gospel as were the contestants. The first prize of \$100 was awarded to Dr. Albert Williams of Los Angeles, whose percentage was .89.

The second prize of \$75 went to Mrs. C. W. Lee Corina, also to Mrs. C. W. Lee Corina, each whose percentages was 93.

President Fleming made an short address, bearing on the financial result of the assembly's first meeting. The expenses footed up a total of \$3,700. He would all about of the receipt of least \$1,600. It was, therefore, with great pleasure the speaker announced that the expenditures had been fully met by the sale of admission tickets which was much larger than had been expected. Twenty-five thousand dollars are anticipated for next year and 250 Chautauquans registered. Mr. Fleming regretted the lack of better boarding accommodations, and stated that this want will be supplied prior to the next assembly meeting, when an increased attendance is looked for.

After his address and prayer, Rev. Wm. L. Bates quoted at a valuation of \$45,000. The assembly holds \$25,000 additional notes. The debts amount altogether to \$10,000. When these are paid they will still remain a handsome balance to the treasury. The assembly alluded to the production of the court case extended by Charles G. Ayne and the Redondo companies and the Santa Fe Railroad Company, during sessions. Credit was also accorded Homer J. Young for his energetic work in carrying out the athletic program.

Rev. H. M. Du Bose delivered an address to the graduates. The Chautauqua work was traced to the actual origin and its growth and important eloquently depicted. Diplomas were then presented to the following graduates in the graduation of the course:

Mrs. Ida Quinby, Miss I. Tilden, Rev. R. W. Bailey, Mrs. Dalton Bond and Wm. L. Hayes.

The following graduates were awarded diplomas in the Bible Normal Course: Mrs. C. B. Leiber, Albert Williams, Mrs. D. Boynton Clark, Ensign Leiken, George Pickford, Eva Cole, Mary Alice, Mary S. Thomas, Melville Dozier, Annie J. Boone, Elizabeth Beach, Harry Ironside, Miss Brookmans Flossie Gould, Gertrude Hall, A. Browne, F. B. Johnson, B. S. Williams.

The benediction was pronounced by President Fleming. Thus closed the first Chautauqua Assembly at Redondo.

CHAMBER OF COMMERCE

MEETING OF THE DIRECTORATE YESTERDAY AFTERNOON.

Circular Letter to Fruit Producers
The Proposed Pamphlet—Letter from Congressman Vandever—Resolutions.

The Board of Directors of the Chamber of Commerce met yesterday afternoon, with C. M. Wells in the chair, and Messrs. E. W. Jones, J. H. Boon, W. H. Toler and Dr. J. P. Windsor present.

The Committee on Statistics reported that it had nothing to do but the ordering of the work done on the pamphlets, its duty being simply to prepare the matter. The report was filed.

President Jones and Secretary Hanchette reported that they had concluded to accept the offer of W. B. Burr to make a plaster-of-paris relief map for the Chamber, furnishing the labor free, the Chamber to furnish the materials. Action approved.

The secretary presented the following circular letter to be sent to the prominent fruit producers throughout the county, which letter was approved: "The increased prosperity of Los Angeles county depends materially upon the cultivation of the idle acres. Of late it has been noticed that those whose eyes are turned in this direction are demanding actual results in the matter of production rather than generalization, so matters how attractively the county may be described in glowing terms. It is the desire of the Chamber of Commerce in Los Angeles to publish at an early date the statistics of the recent season's product, in the most complete form possible, and for this purpose your co-operation is solicited.

It has been deemed best by the Chamber that public meetings of producers be held in all the districts of the county, at which each resident of the district may be prepared to give the results of this year's crop. To the end it is requested that after consultation with your neighbors as to date and place you will inform the secretary of the Los Angeles Chamber of Commerce in order that the directors of the Chamber may be in attendance at the same.

Mr. Jones presented the following resolution, which was adopted:

WHEREAS, the Southern Pacific and Santa Fé Railroad Companies are both largely interested in Los Angeles county, and are doing much to advance its progress;

WHEREAS, these two railroad companies have generally aided the Chamber of Commerce in its work of advertising our resources, and encouraging the introduction and growth of profitable industries among us;

WHEREAS, That we tender to each of the above companies the privilege of inserting within our pamphlet of 30,000 copies, entitled "The Sources, Growth and Prospects of Los Angeles City and County," a leaf of 100 words, to be printed at the same time that each road make its report; that it furnishes to transcontinental and local passengers facilities for reaching Los Angeles, prominent in its advertisement. If either of said companies chooses to print the leaf it shall be inserted under the supervision of the secretary."

After listening to statements regarding the printing of the pamphlets Mr. Spalding and Mr. Vandercok to Board adjourned.

Secretary Hanchette received the following letter from Congressman Vandever last night relative to the removal of the army headquarters from Los Angeles:

HOUSE OF REPRESENTATIVES,
Aug. 9, 1890.

Secretary of the Chamber of Commerce,
Los Angeles, Cal.

After having received from you and Chamber and others urging me to use my utmost influence to prevent the removal of military headquarters from Los Angeles to Santa Fé, I immediately presented the case in person to the Secretary of War and to the Commanding-General of the Army, and only promise to give the subject careful consideration. The order for removal had gone forth before the receipt of your telegram and there is manifest disinclination to change. The Commanding-General of the Second Army Corps has been notified. Without his consent it is not likely that the order will be changed. I close the order.

Very respectfully, etc.,
WM. VANDEVER.

THE COURTS.

The Pasadena Rape Case Concluded.

VERDICT OF SIMPLE ASSAULT.

Two Chinamen Convicted of Murder in the Second Degree—The Coolie Importer on Trial New Cases.

Charles Stanley, charged with having attempted to rape Maude Thornton Pasadena, was tried before Judge Cheney in Department One yesterday morning. Only three witnesses were placed upon the stand. The girl herself told of how Stanley assaulted her in a way to leave no room for doubt to what his designs were and—Stratton and Mr. Thompson told how they heard the girl's screams and ran to her assistance. Hugh J. Crawford, Esq., the defendant's attorney endeavored to introduce testimony to show that the commitment was legal, but it was not admitted. The defense offered no other testimony as the case was submitted without argument. The jury remained out about four hours and several times sent word that their disagreement was hopeless one, and that they might well be discharged. Finally at 11 they returned with a verdict of simple assault. Monday was set for sentence.

DAMRON'S BAIL.

The effort to secure a reduction in the bail of J. M. Damron, who is awaiting trial on three charges of forgery, failed yesterday. The matter was argued before Judge Cheney. Damron held under a bail of \$50,000 and the Court is not of the opinion that the demand for its reduction is based on sufficient grounds.

CHINESE MURDER CASE.

The jury in the case of Wong Gung and three other Chinamen, charged with the murder of Fong Ah Lu, remained out through the whole of Wednesday night. Yesterday morning at 10:25, after a siege of twenty-two hours, they announced that they had agreed upon a verdict. Wong Gung and Ah Chung were declared guilty of murder in the second degree and the others, Ah Jung and Wong Gun, were acquitted. Wong Gung is the man who was shot through the legs in the fight in Chinatown. The case was continued to the 22nd to allow the attorneys for the defense to prepare a motion for a new trial.

A DIVORCE CASE.

The case of Bertie Dillon vs. H. H. Dillon, suit for divorce on the ground of desertion and failure to provide, came before Judge McKinley in Department Five yesterday. The only witnesses were Mrs. Dillon and A. Bently. Default of defendant was entered and the decree was signed.

UNITED STATES COURT.

Elljah Walker of San Diego was arraigned yesterday before Commissioner Van Dyke of the United States Court on two charges. The first was of kidnapping and abetting Chinamen to come into this country. The principal witness was Special Chinese Inspector Smallcomb, who testified that Walker told him that he was going to bring a load of five Chinamen over the line and proposed that they should become partners in the undertaking. Smallcomb testified that he was with Walker on the night of the 31st of July over the Mexico after the Chinamen. They were just crossing the line when they were arrested. On this charge the defendant was held to answer, but bailed at \$2000.

The second charge is that of attempting to bribe the United States Deputy United States Marshal Ma testified to a conversation which had with Walker in Mexico, when the importer of Chinamen offered him \$1000 if he would refrain from testifying against him. Mr. Marsh testified that the conversation had been renewed in the States but the terms of the proposition were not as exact as in Mexico. The matter was taken under advisement by the Commissioner.

COURT NOTES.

Other business was transacted in the courts yesterday as follows:

In Department One, Judge Cheney in People vs. Lockhart, to plead, a murderer taken under advisement, continued till today.

In Department Two, Judge McKinley: Estate of James N. Baretta, probate of will; estate of A. Behn, probate of will.

THE SUPERVISORS.

Mr. Platt Again Before the Board.

ANOTHER LONG STATEMENT.

He is Finally Given Time to Make Another Report—Absence of Material Witnesses.

The Supervisors met again yesterday morning at 10 o'clock for the purpose of taking up the Platt matter. As the witnesses were not on hand the Board took up a resolution regarding the removal of army headquarters, which was adopted by the Chamber of Commerce on Wednesday. The resolution was indorsed by the Board after a short discussion.

THE PLATT MATTER.

The officer who was sent out to find C. P. Dorland, who was to testify in the Platt case, returned and stated that Mr. Dorland was out of the city.

Mr. Platt appeared before the Board and seemed anxious to make another statement. He was placed on the witness stand and examined as follows:

By Mr. Kelly—Is it not a fact that you have demanded the money, \$3, in advance, to be paid by Mr. Dorland, Mr. Morrison, Mr. Harrison and others?

Mr. Platt—Yes, sir.

Q—You demanded that?

A—Yes, sir.

Q—That is why you demanded the money, \$3, from Mr. Dorland, Mr. Morrison and others?

A—I did not say demanded. We did not insist.

Q—Then is, you allowed them to apply for deeds without making a demand for the \$3?

A—Yes, sir.

Q—Now, I will ask you whether or not you demanded of C. P. Dorland, D. C. Morrison, Max Harris and others the \$3 that you demanded from other applicants?

A—Yes, sir.

Q—Did they pay it?

A—They did not.

Q—Now then you demanded from Mr. Dorland, Mr. McCarthy, Mr. Charles Elton and Mr. J. S. Turner, the \$3 required to be paid upon application for a deed.

A—Yes, sir.

Q—You stated to this Board yesterday that the checks had been returned to Mr. Dorland.

A—Yes, sir. He came to me last night about seven and we fixed the matter up.

Q—But the checks were indorsed by you and went through the bank, did they not?

A—Yes, sir.

By Mr. Perry—Mr. Platt, you said just now that the matter was fixed up between yourself and Mr. Dorland?

A—Yes, sir.

Q—What do you mean by being fixed up?

A—Yesterday I made a settlement of that money. On the 7th he came to me and made a demand for the money and said, I will leave it here, and still consider it has not been paid, because I do not want the money to get into the treasury and then have to make a demand on the Treasurer for it. He came to me last night and I returned him the money, and by then it was over to me in such a way that it has all now been paid.

By Mr. Kelly—Did he make a demand for that money in writing?

A—No, sir; he did not make a demand for the money in writing.

Q—Then is it not a fact that you testified to this Board yesterday that the money had not been received by you?

A—The checks were returned to him.

Q—Did you not testify here yesterday that you had settled with Mr. Dorland, and had you returned him the checks when you so testified?

A—That question has already been answered.

Q—Mr. Platt, did you, when you testified yesterday, mean to tell the Board of Supervisors that you did not have any money of Mr. Dorland's in your possession?

A—Not before the demand for the deeds.

Q—Then you did not have any money of Mr. Dorland's in your possession when you testified to this Board yesterday?

A—No, sir.

Q—What was the amount he handed you?

A—It was \$339.

Q—What purpose was it for?

A—It was to be applied for deeds after this question was settled.

Q—Is it not a fact that you have had possession of this money for a week?

A—I did not receipt for any of that money myself.

Q—Who did receipt for it?

A—One of my deputies.

Q—Is not every deputy in your office acting under your instructions?

A—Certainly.

Q—Was not the money received by your deputy, received for you?

A—I presume so.

Q—Do not the deputies account to you for all moneys received?

A—They do.

Q—Did you not give the deputies the power and right to sign your name as Tax Collector?

A—In every case.

Q—Therefore, would not a receipt signed R. S. Platt, Tax Collector, by C. H. G., bind you?

A—Certainly.

Q—Then in face of the fact that Mr. Dorland holds receipt for \$339, signed by you as Tax Collector, you testified that you returned that money. Where was the money in your possession or Mr. Dorland's?

A—It was in my safe.

Q—Then you never made any arrangement with Mr. Dorland for the return of the money until after you had testified before this Board yesterday?

A—He came to me on the 7th and said: I will leave that money with you on deposit until this matter is settled.

Q—Now, then, at 7 o'clock last night you and Mr. Dorland made a settlement.

A—Yes, sir.

Q—And you still have the money in your possession?

A—Yes, sir.

Q—You never turned it over to him?

A—No, sir.

Q—You always had it in your possession?

A—Yes, sir.

Q—Now you say that on the 7th there was no positive arrangement made.

A—He came between six and seven last night and arranged to have the deeds issued.

Q—Yesterday, Mr. Platt, you reported to this Board a list of applications, making a total of \$267 received.

A—Yes, sir.

After some further discussion of the matter by the Board, they decided to give Mr. Platt until next Tuesday, the 19th, to prepare a new report and sub-

mit it, as he asked that privilege yesterday.

He has come down from his high horse during the past two days and seems anxious now to be civil, to the Board and answer their questions.

On motion of Supervisor Davis the road-master of Los Nietos District was granted power to use the county's pile-driver.

The Board then adjourned until 10 o'clock this morning.

AN AZUSA SENSATION.

EDITOR BENTLEY TARRED AND FEATHERED.

The Affair the Result of a Newspaper Fight—A Number of Prominent Citizens Implicated—Great Excitement.

For some months past a spirited little fight has been in progress at Azusa between George Bentley, husband of Mrs. Bentley, the editor and proprietor of the Azusa News, and C. E. Frazier, principal of the Azusa public school.

The paper has attacked Frazier time and again and has done all in its power to keep him from being reappointed, but it has always failed.

These attacks were kept up until about a week ago when a gang of White Caps, as a vigilance committee was organized and poor Bentley was treated to a coat of tar and feathers.

Last night the following dispatch reached THE TIMES from Azusa:

George Bentley, editor of the News, was taken out late Friday night last by armed men and tarred and feathered for publishing an article reflecting on the conduct of C. E. Frazier with young girls and other irregularities as teacher of the Azusa Grammar School. Parties are being arrested, J. W. Jeffries and Prof. Frazier are supposed to have been the instigators. Rich developments later.

The article referred to could not be secured last night but it is understood that it implicates Professor Frazier and several of his young lady pupils, and as soon as it appeared the citizens became so enraged that they called a meeting and organized a vigilance committee.

They armed themselves and at a late hour at night they visited Bentley's residence and called him out. He was taken in custody and tarred and feathered.

The whole matter has been kept perfectly quiet, and only leaked out yesterday afternoon, when it was reported on the streets that a number of warrants had been issued for the arrest of some of the most prominent citizens of Azusa.

The committee is still in existence and is evidently ready for business, as they visited the house of a man night before last and tacked a warning card on his door, which was found there yesterday morning. It was to the effect that he had better change his ways or he would be attended to. It was signed "The Azusa Vigilance Committee."

The case was put in the hands of a well known lawyer of this city yesterday and officers were sent out in the afternoon, but they had not returned at a late hour last night and it is not known how many arrests have been made, although it is said that six complaints were issued.

SOLDIERS' HOME.

Dramatic Entertainment—Eastern Visitors—Start Changes.

SOLDIERS' HOME, August 13.—(Correspondence of THE TIMES.) Owing to the absence of several members of our Dramatic Club at the San Diego Entertainment there was no performance last Thursday. On Saturday evening a special car brought a party of ladies and gentlemen visitors from Pomona, who entertained the vets. with songs, music and recitations.

Tomorrow Prof. Fleck and wife are to give a musical matinee at 10 a. m., and in the evening the comedy of *The Stagecoach*, *Blacksmith* will be performed by the home club.

Mr. and Mrs. Treichel are here on a visit to the governor. They are glad to exchange Eastern weather for California climate.

Among the lady visitors this week was the daughter of Gen. Rosenkrantz. The return of Miss Hoyt, who has been absent for a month, is a welcome addition to our dramatic force.

The only recent changes in the staff is the promotion of Sergeant Armstrong to the post of Quartermaster Sergeant, vice Sergeant Wyse, retired.

We have recently received a twelve-pounder Napoleon, from the Benicia arsenal. It is planted in front of the flagstaff. Morning and evening it salutes the rising and setting sun.

"Hark! loud peals the signal gun That told it was sunset."

West End Republicans.

The Republicans of the western portion of the Second Ward met at No. 1254 Temple street last evening for the purpose of organizing a Republican Club for the coming campaign.

The meeting was called to order by D. C. Morrison, who nominated S. G. Millard for temporary chairman, and he was unanimously elected. D. C. Morrison was elected temporary secretary.

The objects of the meeting were set forth by Tom F. Smith, Charles Luckenbach and others, and on motion of H. C. Register a committee of five consisting of Messrs H. C. Register, Luckenbach, and Tom F. Smith, were appointed to draw up resolutions and present the same at a meeting to be held next Saturday evening at 7:30, 1254 Temple street, for the purpose of effecting a permanent organization of the Republicans in the Second Ward, west of Grand avenue and the extension thereof northward.

The committee was instructed to draw up a petition to the County Central Committee asking that body to direct that the primary be held under the Poller act and offering a pledge to furnish the necessary officials free of charge.

Chewed the Marshal's Ear.

D. McNail was brought down from San Bernardino yesterday by Deputy Sheriff Richardson, and locked up in the City Prison until the departure of the Southern Pacific train for the North last night. McNail is an en route to San Quentin to serve a sentence of one year for mayhem. He was arrested for some petty offense in Riverside, and being unable to give bail was sent to jail. On his trial he assaulted the marshal in the court room, knocked him down, and almost chewed one of his ears from his head.

Dr. Stoddard, of Dr. Liebig & Co.

The above old, well known and most successful San Francisco specialist, is now visiting Los Angeles. Free consultation until 9 a. m. Saturday night, at 123 S. Main street. Private reception parlor, room 21.

BANK TAXATION.

The National Banks Before the Council.

ARGUMENTS OF COUNCIL.

The Grounds on Which the National Banks Claim They Are Exempt From Taxation—Technical Objections.

Yesterday was the time fixed by the City Council, sitting as a Board of Equalization, for the further hearing of the national banks in the matter of taxation, and at 10 o'clock the legal representatives of the banks were promptly on hand, together with a number of other lawyers who were present to take notes.

Chairman Van Dusen called the Board to order, when the business was at once proceeded with.

Judge Widney, on behalf of the University Bank, submitted a statement of the mortgages held by that institution, which was pronounced satisfactory by the City Attorney and the matter was dismissed.

The State Loan and Trust Company was then taken up, when the teller submitted a statement, which was pronounced satisfactory by the City Attorney, and this bank was also dismissed.

The various savings banks were passed until the afternoon, and the question of taxing the various national banks of the city was then called up, when the City Attorney went over their sworn statements, giving a list of their securities and liabilities, and said he found "credits" to the amount of about \$300,000, which he thought should be assessed to these several banks in Los Angeles.

The Southern California National Bank statement was gone over by Mr. McFarland, and then he read a statement from the National Bank of California.

Mr. Munday, who represents the latter bank, made a statement to the Board as to the law of national bank assessments, saying that real estate only could be taxed in case of these banks, and he read from the United States statutes in support of his allegation, quoting section 5214, as follows:

"In lieu of all existing taxes every association shall pay to the Treasurer of the United States, on the 1st of January and July, a duty of one-half of 1 per centum each half year upon the average amount of its notes in circulation, and a duty of one-quarter of 1 per centum each half year upon the average amount of its deposits, and a duty of six or eight per centum each half year on the average amount of its capital stock, beyond the amount invested in United States bonds."

Mr. Munday followed in a speech of some length, quoting other sections of the Revised Statutes, and also from the State Civil Code, as published yesterday morning, saying that the capital stock of every national bank is exempt by the Government of the United States from taxation, in whatever shape that capital may be in.

The matter of this bank was dropped temporarily to make a statement of Mr. Elliott, cashier of the First National Bank, as to the mortgage in the name of himself and Mr. Spence, which could not, of course, be listed to the bank, although actually a part of the bank assets, and so receded by the City Attorney.

The matter was continued for further consideration.

W. F. Bosbyshell, representing the Southern California National Bank, stated that his attorney, Mr. Smith, claimed that his bank being a national bank, only its realty was taxable, but out of courtesy he would make a full showing in the matter.

In reply Mr. McFarland then stated that he was in doubt as to the legality of taxing national banks for municipal purposes, but thought the matter was open for discussion. He thought every individual should be taxed according to his holding—should bear his or her due proportions of the burdens of government, and insisted that the personal property of banks should be taxed. He concluded that the statutes referred to by Mr. Munday referred to money rather than the exemption. This is of bank stock should be taxed to the individual owners. The State law, he said, upheld national bank taxation, and it was, therefore, the duty of the Board to test the matter.

Judge Smith, representing the Southern California National Bank, replied to Mr. McFarland, insisting that that gentleman was wrong in his conclusions, and read a section of the statutes on the questions at issue; also a decision of the Supreme Court of Ohio looking the same way, and insisting that the personal property of these national banks.

Judge Smith was followed by Mr. Munday, representing the National Bank of California, who alleged that these banks could not be subject to taxation except on their real estate—this was a United States law, and could not be avoided or overlooked. He said these banks paid a heavy tax already to the Government.

Mr. Shankland, for the First National Bank followed, and said that he was ready to rest the issues on the judgment of the City Attorney, who was a fair and reasonable lawyer.

Mr. McFarland insisted that the law was not clear on the subject, and he advised the Board to test the matter and see whether or not these banks could be made to pay their due proportion of tax.

Mr. Hughes, of the National Bank of California, made a statement as to moneys outside of the State, and said there was a surplus when their statements were made up.

Without, however, reaching a conclusion the matter of the East Side Bank was considered on the testimony of Dr. Newton, and the matter was dismissed as satisfactory.

On motion of Mr. Frankensfield, the matter of the national banks was laid over until this morning at 10 o'clock, when a decision will be given, after indorsing the resolutions adopted by the Chamber of Commerce against the removal of army headquarters from this city, the Board adjourned until 2 o'clock.

AFTERNOON SESSION.

The Board was called to order at 2 o'clock, when the army headquarters resolutions were again taken up, and it being suggested that any other formal action than the business for which the Board is constituted being taken might invalidate its proceedings, the members agreed to sign the resolutions as individuals, after which the bank matter was again taken up.

The Security Savings Bank was first considered, and it was agreed that it should be taxed on \$4500 on personal property.

The Main Street Savings Bank was

not represented, and it was stated that it had agreed to pay \$3000.

The Farmers and Merchants' Bank was again taken up, and after a short argument between Mr. Shankland and the City Attorney, in which the former tried to make out that his bank should not be taxed, as more was due depositors than the whole amount of its "credits," and the latter insisted that there was plainly about \$500,000 that was subject to taxation, the matter went over until 10 o'clock this morning.

It was also stated that the City Bank had decided that it had \$30,000 in "credits" that were subject to taxation, and would pay on that amount.

SIXTH DISTRICT FAIR.

Meeting of the Association Last Evening.

There was a meeting last evening of the directors of the Sixth District Agricultural Association. L. Lichtenberger presided and business connected with the coming fair in October was discussed.

The Secretary reported that the "Blue Ribbon Meeting" would result in a clear gain of \$700 to the Association.

Directors Newton, Robinson and Brown were appointed a committee to draw up the speed programme for the October meeting.

It was decided to have the first day take place on Tuesday, October 14.

A committee consisting of Directors Brown, Robinson and Workman was appointed to confer with the officers of the Chamber of Commerce in regard to having the horticultural and agricultural display at the Chamber of Commerce.

Before the meeting adjourned Mr. Lichtenberger made a few remarks. He congratulated the Association upon the success of the past meeting and paid a high tribute to the untiring efforts of Secretary Benjamin in making the Blue Ribbon meeting one of the best ever held in the State.

Mr. Lichtenberger also remarked that the thanks of the Association were due to the daily press for their clever reports. Before the meeting adjourned, the president presented J. C. Newton with a gold headed cane in appreciation of his valuable services as presiding judge. Mr. Lichtenberger said very truthfully that Mr. Newton made an exemplary judge and that his ruling met with popular approval in every instance. Mr. Newton thanked the Board for the present in an appropriate speech.

MISS DR. LATTI.

Fears That She Will Take Her Own Life.

The friends of Dr. Lella Latta, the Boyle Heights doctress, under indictment for the murder of Mrs. Swann by a criminal abortion, are very uneasy about her, and fear that she will take her own life. She has been acting very suspiciously for some days past, and there is not the slightest doubt but that she has been contemplating suicide for the past six or eight months.

Her father took his own life, and since the doctor's arrest papers and letters have been received from her relatives in Minneapolis, Minn., plainly indicating that they think that she is insane, as she has written them on several occasions coolly discussing the idea of suicide. Miss Latta has also been heard to say since she has been in jail that she would find a way to put an end to herself, but Jailer Daroy will take every precaution against anything happening to her.

Republican Nominations.

[Election, Tuesday, November 6, 1890.]

FOR GOVERNOR,
 Col. H. H. MARKHAM, Los Angeles.
 FOR LIEUTENANT-GOVERNOR,
 JOHN R. REDDICK, Calaveras.
 FOR SECRETARY OF STATE,
 E. G. WAITE, Alameda.
 FOR STATE TREASURER,
 J. R. McDONALD, Stanislaus.
 FOR ATTORNEY-GENERAL,
 W. H. H. HART, San Francisco.
 FOR SURVEYOR-GENERAL,
 THEO. REICHERT, San Francisco.
 FOR CLERK OF THE SUPREME COURT,
 L. BROWN, Solano.
 SUPERINTENDENT OF PUBLIC INSTRUCTION,
 J. W. ANDERSON, San Francisco.

District Nominations.
 JAMES W. REA, Santa Clara.
 J. R. HEBBORN, Monterey.

The nomination of E. G. Waite for Secretary of State was by acclamation.

W. H. H. HART of San Francisco is the lucky man for Attorney General.

THEODORE REICHERT, the well-known present incumbent of the office, was renominated for Surveyor-General.

J. J. DE HAVEN of Humboldt, received the nomination for Associate Justice of the Supreme Court for short term, obtaining a very large majority of the vote.

J. R. McDONALD of Stanislaus succeeded in getting the nomination for State Treasurer by the narrow margin of ten votes over Radcliff of San Luis Obispo.

E. P. COLGAN of Sonoma was nominated for State Comptroller on the second ballot, after a close vote on the first between him and Hanscom of Stanislaus and Fuller of Yuba.

The Trombone displays remarkable agility in jumping on to the leading coach in the procession, after having tried hard, in a quiet way, to make the track heavy for it. "Nothing succeeds like success."

The dreaded phylloxera again threatens the grape-growing districts of France and Germany. California wines are becoming appreciated throughout the world and the demand for them will soon exceed the supply. We should encourage their sale under their own names, rather than under foreign labels.

RECIPROCITY, as proposed by Mr. Blaine, might prove a double-edged weapon as far as Southern California is concerned. One of the first results of reciprocity with Mexico would be the extensive shipment into the United States of Mexican oranges. They are, even now, brought from Sonora by the carload, and are by many on the frontier preferred to the average California orange. With the aid of peon labor, these oranges can be grown very cheaply and would come into direct competition with ours.

WHILE we are rejoicing over the nomination of our "favorite son" for Governor, let us, in Los Angeles, not lose sight of the necessity of "getting a move on us" in the way of developing our resources. The outlook at present is very auspicious for the inauguration of a solid boom the coming winter. A very large amount of money is coming into the country in payment for fruits

and vegetables. Let us back this up by encouraging the planting of vacant lands and the establishment of small manufacturing enterprises, and we shall have no cause to complain of hard times, from now on. The turn of the time has come. Let us take it at the flood.

STATE DEBTS.

Appreciating the importance of rapidity of publication in all matters pertaining to a census, Superintendent Porter has commenced the publication from time to time of census bulletins, to lay before the country the results of the census without any delay. The first one, just received, relates to the indebtedness of States in 1880 and 1890. It is an interesting exhibit and very encouraging as to the financial standing of the country. During the past decade, the debt of the States has decreased \$58,020,931, and the United States debt \$667,975,077.

The largest State bonded debt at present is that of Virginia, amounting to \$28,687,003, closely followed by Massachusetts, which is only about a quarter of a million less. Massachusetts, however, has funds on hand \$1,847,789 in excess of its debt. Then comes Tennessee with \$14,988,608, Pennsylvania with \$13,743,164 and Louisiana with \$12,014,501. It will be noticed that most of these are Southern States. Six States are in the fortunate condition of having no bonded debt at all. These are Colorado, Iowa, Nebraska, Vermont, West Virginia and Wisconsin, and there are eight others which have less than a million of bonded debt, among them California, whose bonded debt amounts to \$339,500, against \$713,000 in 1880. As the State has cash and funds on hand to the amount of \$5,526,895, it is really out of debt, and has a balance in the bank. If we wish this desirable condition of affairs to continue, we must, however, see to it that we do not get another Legislature like the last one, and, furthermore, that we elect a reliable Governor, who will give us an economical administration. Such a man is the present Republican nominee.

THE PROPHET ON SUNDAY.

The Chronicle published the following editorial article in its issue of Sunday last:

It is a foregone conclusion, however, that Markham has ceased to be a factor in the Republican contest. There never was much latent strength in his canvass, and the boom that came rolling up through the Tehachapi Pass and over the San Joaquin plains was never much larger than the comfortable Pullman car that brought the Southern citrus belt delegation to the Palace Hotel. San Francisco did not enthuse over the Colonel's candidacy with that unbridled effusiveness that was fondly hoped, and instead of gaining strength from this city he has steadily lost. Part of this collapse of prophetic popularity was due to the innate weakness of the Colonel's record, and not a little to the indiscreetness of his selection of lieutenants. No doubt in the matter of intellectual scope, personal magnetism and desirable quality of manners the Colonel's lieutenants were models of every-day statesmanship. Unfortunately, however, they lacked the essential qualifications of experience and personal acquaintance. Some of them, to be sure, had resided long enough in the State to acquire a legal residence and the unquestioned right to vote, but they mixed up geographical points and confused personalities in a way that was anything but gratifying to the vanity of visiting delegates from northern counties.

ON WEDNESDAY THE STATE CONVENTION NOMINATED MARKHAM ON THE FIRST BALLOT!

HAPPY HORTICULTURISTS.

From all parts of Southern California comes the encouraging news of large receipts for fruit and of general activity among the horticulturists. Monrovia, a creation of the boom, is one of the places which has profited by the pomological revival. According to the local journal the fruit drying establishment there will use this season not less than three thousand tons of apricots, peaches, nectarines and prunes. The average price paid for the fruit is thirty dollars a ton. At this rate the company will pay out \$90,000 for the fruit, which amount will be distributed among the farmers of the valley and will pay them from \$150 to \$250 on acre. There are now between 275 and 300 persons employed at the fruit drier, men, women and children. The pay roll amounts to fully \$2000 a week. Twenty-five carloads of dried fruit have already been shipped East. These will probably be followed by fifty carloads more before the season closes.

This is only the record for one small place. Multiply this by a score, and it will be evident what a large amount of money is coming into this section for fruit. The trouble is that we have too few establishments for utilizing our fruit crop. They are coming, however, and will continue to come. There is big money in them, and that will insure their building. Our horticulturists will have no trouble about disposing of their crops. The buyers will come and seek them out. Those who now plant orchards and vineyards are wise. After a few years, they will be able to take their comfort under their own vine and fig tree. The future of this section is assured, even had we to depend on horticulture alone.

The dark horses were not in the field.

W. W. MORROW was nominated for Congress by acclamation.

The ratification meeting at Sacramento last night was a grand affair.

The plank in the platform relating to economy in State expenditure is an excellent one.

J. W. ANDERSON of San Francisco received the nomination for Superintendent of Public Instruction.

It is generally conceded that the ticket nominated at Sacramento is the strongest ever offered to the people of California for their support.

"JATHAWKER" telegraphs that the adjournment of the convention finds all wounds healed and the entire party united. This is a good omen for victory in November.

The exclusion of Tolstol's "Kreutzer Sonata" from the mails has had the effect of creating a big demand for the book.

CHIPMAN, the favorite of Waterman, Horuck and Pixley, would have won had it not been an old-fashioned donkey race—the last in to be the winner.

To see so respectable a gathering as that which assembled at Sacramento does good to citizens who have been mourning over the degradation of politics.

In its issue of Wednesday, the day upon which Markham was nominated on the first ballot, the San Francisco Chronicle, describing affairs at Sacramento, stated that "the spirit of the Southern boomers had entirely evaporated," that the "Markham lieutenants were a woe-begone lot," and added:

They had bitterly abandoned all hope and were looking wildly for some chance to enlist under another banner if they could only slip out of the last campaign without incurring the disgrace of an open desertion. No inviting opportunity offered, and the demoralized Markhamites were forced to remain loyal to their lost cause. Their ranks can therefore be imagined as they marched in a body to the Capitol this afternoon with banners flying.

Comment is superfluous.

EASTERN people who imagine that we can raise nothing in Southern California but oranges and climate should take a trip to the Cerritos country, between Los Angeles and Long Beach. One man there has forty-seven acres in corn and is willing to wager that ten thousand of the stalks are more than twenty-two feet high—higher than a man on horseback can reach. This seems like a tall yarn, but by an incredulous article may easily satisfy himself of the truth of the story. The rancher expects a crop of at least one hundred and fifty bushels to the acre. Another man down there has a field which will yield a hundred and twenty sacks of potatoes to the acre. We can grow hog and hominy here, as well as oranges and olives.

EX-EDITOR OF THE TROMBONE SHELTON is to make an "assisted passage" to Washington, it being announced that the hat is to be passed around to pay the gentleman's "extra expenses" to the National Capital. This does not, as some may infer, have reference to Mr. Sheldon's refreshments, etc., en route, but to extra baggage charges on the trunkful of Trombone editorials which he will tote along, being unwilling to confide such valuable material to the ordinary freight channels. The weight of these editorials is so great that an extra iron-bound trunk is being built to hold them. The essay on "Gypsum as a Fertilizer" is expected to knock the Secretary of War out in one round. Should this by any chance fail, Mr. Sheldon has one in reserve on "The Bulgarian Question," which will do the business, without any doubt, without the necessity of springing the Schleswig-Holstein bull question on the victim.

AMUSEMENTS.

GRAND OPERA HOUSE—Another large and appreciative audience was assembled last night to witness the first performance of *A Man of the World* and *And Jack*. The first named piece is a little comedy in four parts, but it might almost be described as a monologue for Mr. Barrymore. It is a charming little sketch, well written and well acted. Mr. Barrymore, as the author, experienced and judicious mentor, was not only satisfying to the eye as a pictorial representation of the part, but really managed on this occasion to avoid some of the worst faults of his usual facility and theatrical declamation and showed that he could give a natural delineation of a striking and rather eccentric character. In *And Jack*, the Palmer Company attacks a new order of play, and it becomes a matter of interest to watch the working of a company trained to act together in a dramatic work at once plunged into the delicious mazes of genuine farce-comedy with its rapid action, quick dialogue and burlesque of exits and entrances. To say that the Palmer Company is quite equal to the situation would be making a statement more in line with fact than the previous one. The well intended efforts of one or two of the principal characters, a tendency in the second and third acts to drag, and the fun is in the action, quick dialogue and burlesque in farce comedy.

It would be useless to attempt an outline of the complicated situations and cross relations of the somewhat mature charms of "And Jack." Suffice it to say that while at the start there is a faint attempt at a de coherency, by the time the third act is reached the plot is so complicated and the scene of the court room, with its breach of promise trial, is a most extravagant burlesque.

Dyas as "And Jack" was a striking picture in costume and action. Her wonderful bonnet, her wedding plume and gorgeous dresses, her superb hair and determined look, her perfect figure and effective character. The humorous interest of the piece is chiefly sustained by E. M. Holland as "Berkeley Bruce," the barrister. Mr. Holland has demonstrated his ability in a very marked manner in the other pieces of the company's repertory, but those persons who had seen him as the detective in *Jim the Penman*, the previous night would hardly have recognized him as the rather ancient bachelor lawyer and woman-hater suddenly converted into a slave to the stage and show business. "And Jack," Mr. Holland's facial expression and by-play, quiet as they are, arrest the attention of the audience whenever he is on the stage and show his genuine and versatile abilities. Mr. Stoddard as the Judge, appearing in only one scene, gives one of those clever impersonations which, although a small part, is a true artist. The piece was very warmly received, its very extravagance conducing to its success.

Tonight *Saints and Sinners* will be repeated with Mr. Stoddard in his famous role of "Jacob Fletcher" in which he is unsurpassed.

Ventura Democrats for White.
 VENTURA, Aug. 14.—The Democratic Convention which met here today nominated the following county ticket: Sheriff, J. L. Kennedy; Clerk, R. B. Haydock; District Attorney, T. O. Toland; Treasurer, H. Charlebois; Auditor, C. A. Snodgrass; Assessor, A. A. Doulton; School Superintendent, C. T. Merideth; Coroner, Jos. Richardson.

To the State convention, delegates-at-large, John McGonigle; delegates, M. Cannon, W. L. Rice, W. F. Delvalle, A. J. Snodgrass, J. P. Mehn.

The convention endorsed Stanley W. White's candidacy for the United States Senate.

ROCKFORD (Ills.), Aug. 14.—Miss Mary L. Weldon, one of the women that have been locked in Swinburn's "Heaven" today gave birth to a girl baby. A committee has been organized for the purpose of ridding the community of this self-styled "Charles Swinburn." He has claimed that the Weldon woman was with child by the Holy Ghost.

majority of the delegates from that city, who had previously voted for Haich, threw their votes to Wolfe and it looked as if he could win, but a moment later Santa Clara gave twenty-three votes to Brown and several other counties with large delegations including Santa Cruz and Solano, supported Brown and put him in the lead. By the time the last few counties were reached Brown had received a majority of the whole number of votes, and the nomination was made unanimous.

DISTRICT CONVENTIONS.

Several Railroad Commissioners Nominated.

SACRAMENTO, Aug. 14.—[By the Associated Press.] The First Railroad District Convention, comprising the counties of Alpine, Amador, Butte, Calaveras, Colusa, Del Norte, El Dorado, Humboldt, Lake, Lassen, Mendocino, Modoc, Napa, Nevada, Placer, Plumas, Sacramento, Shasta, Sierra, Siskiyou, Sonoma, Sutter, Tehama, Trinity, Yolo and Yuba, met in the Assembly chambers at 9 o'clock this morning. J. F. Ellison of Tehama was elected chairman and J. M. Manning of Mendocino, secretary. Elwood Bruner nominated William Beakman, of Sacramento, for Commissioner. T. L. Placer, nominated J. M. Fulwiler of that county. The ballot resulted: Beakman 128, Fulwiler 74. Beakman's nomination was made unanimous and the convention adjourned.

The Second Railroad District, First District, Board of Equalization and Fourth District Convention met in the Supreme Court rooms. Reuben H. Lloyd was elected chairman and A. Ruffis secretary of the convention and then adjourned to meet at San Francisco at the call of the chairman.

The Third Railroad District Convention also met in the Assembly chamber. It embraces the counties of Alameda, Contra Costa, Inyo, Kern, Los Angeles, Mariposa, Merced, Mono, Monterey, Orange, San Benito, San Bernardino, San Diego, San Joaquin, San Luis Obispo, Santa Barbara, Santa Clara, Santa Cruz, Stanislaus, Tulare, Tuolumne and Ventura. Judge Fred Adams of San Luis Obispo was elected chairman, and E. J. Miles of Los Angeles secretary. J. W. Brown of Fresno was elected Commissioner from the Third District, was renominated by acclamation and the convention adjourned.

The Fourth Equalization District Convention met at noon. It comprises the counties of Fresno, Inyo, Kern, Los Angeles, Mariposa, Merced, Santa Barbara, Santa Clara, Santa Cruz, Stanislaus, Tulare and Ventura. F. Adams of San Luis Obispo was selected chairman, and S. G. Burnett of San Bernardino, secretary. Two candidates were placed in nomination for the position of member of the State Board of Equalization, J. R. Hebborn of Monterey, and Christian Hoffman of Santa Cruz. The roll call showed a large majority for Hebborn, and he was nominated unanimously.

The Second Equalization District convention met at noon. It comprises the counties of Alameda, Alpine, Amador, Calaveras, Contra Costa, El Dorado, Nevada, Placer, Sacramento, San Joaquin and Tuolumne. W. R. Davis of Alameda was selected chairman and Judge Wymore secretary. E. G. Waite of Santa Clara was nominated by acclamation as a candidate for member of the State Board of Equalization from the Second District, and the convention adjourned.

ANOTHER BREEZE.

After the nomination of Brown it was supposed that the convention would be able to conclude its business in another hour without further confusion, as the only nominations to be disposed of were those of Superintendent of Public Schools and the two Congressmen-at-large, the last two offices being subject to the new Congressional apportionment to be fixed under the recent census.

For Superintendent of Public Schools two candidates were placed in nomination, Ira G. Holt, the present incumbent, and J. W. Anderson, Superintendent of Schools in San Francisco. Both candidates were warmly supported by the delegates who placed them in nomination. A ballot was about to be taken when Mr. Holt walked up beside the chairman and said he desired to address the convention. He was received with cheers and commenced his speech by saying that he had tried to do his duty during the last four years and had nothing to apologize for. He then said that he had been told that the charge that he could be made against him was that his connection with school book publishers had been too intimate. In order to refute this charge he said he had been given a telegram today which had been sent to one of the delegates who desired not to have his name mentioned in connection with the matter. Mr. Holt produced the telegram and was about to read it when Judge Blanchard of El Dorado, raised the point of order that the candidate had no right to bring matters of this kind into the convention and he desired the chair to request Mr. Holt not to read the telegram, no matter what it contained.

Ellwood Bruner of Sacramento, who was acting as chairman at the time, sustained the point of order. The convention was beginning to show signs of another outburst of excitement, which grew to larger proportions, when Charles M. Shortridge of San José, who was sitting near the platform, said he desired to say a few words in Mr. Holt's behalf.

THE TELEGRAM READ.

Some protests were heard, but Shortridge took the telegram from Mr. Holt's hand, stood on a chair and said as long as the delegates would not hear Mr. Holt that they should hear him. He then read the telegram which was from San Francisco and was signed "W. B. Bancroft," who is connected with a book publishing firm; and the telegram stated that they should elect Anderson and defeat Holt.

The reading seemed to act like a fire brand and a perfect storm of denunciation broke from every part of the chamber. Reuben H. Lloyd of San Francisco, arose in front of the Chairman's desk and made a very vigorous speech denouncing the means which he declared Mr. Holt had adopted to secure the nomination and injure his opponent. He said it was plain to anyone that the purpose of the telegram was to give the impression that if Mr. Anderson was elected Superintendent of Public Schools he would be controlled by the book ring, and he desired to make an emphatic protest against any such underhand means to injure a worthy candidate.

The whole convention apparently agreed with Mr. Lloyd, for his speech was applauded in every part of the hall. The excitement seemed to have

reached the highest point during the whole convention and when, as Mr. Lloyd concluded, Mr. Anderson stepped on the platform beside the chairman, the convention seemed to be seized of an enthusiasm for him that knew no bounds. Almost every delegate in the room was upon his feet shouting, cheering and waving hat or handkerchief and the general uproar extended to the gallery.

ANDERSON HEARD.

After a few moments of this confusion Mr. Anderson spoke briefly and said the only credentials he had to present were an experience of forty years as a school-teacher. There were delegates in the convention who had been his pupils, and today they had raised their voices in behalf of the old man. He had always endeavored to do his duty, and he was ready to submit to the verdict of the convention.

The applause that followed Mr. Anderson's speech continued for several minutes, and then there were general cries for a roll call.

HOIT WITHDRAWN.

Drury Melone, of San Francisco, put an end to the proceedings by announcing that on behalf of Mr. Hoit he withdrew the nomination of that gentleman and moved that Anderson be nominated by acclamation. There was another outburst of applause as the convention adopted this motion.

CONGRESSMEN AT LARGE.

H. C. Dibbles, of San Francisco, then placed Hon. W. W. Morrow in nomination for Congressman-at-large, and the nomination was made by acclamation amid the cheers of the delegates.

J. C. Campbell, chairman of the convention, was nominated second congressman-at-large by H. V. Morehouse, and his nomination was also made by acclamation with the same show of enthusiasm.

Ex-Senator A. P. Williams next introduced a resolution declaring that the convention viewed with sorrow the removal of the late Justice Charles N. Fox, and expressing confidence in the integrity and ability of the Justice. Williams moved that the resolution be adopted, but a chorus of "noes" was the response and the resolution directed that it be referred to the Committee on Resolutions.

This concluded the business of the convention with the exception of the selection of a State Central Committee. Delegates from the various counties recommended the names of the nominees to the convention and the appointments were promptly made. It was then 6:15 o'clock and a motion that the convention adjourn sine die was carried, and the last cheer was given for the ticket which had just been completed.

SURE TO WIN.

The North Will Loyally Support the Southern Candidate.

SAN FRANCISCO, Aug. 14.—[By the Associated Press.] The Post today, regarding Markham's nomination says:

The Post assures the Republicans of the central and northern part of the State, where Markham is not so well known as he is in the southern part, that they may be confident of the result. They may be proud of their candidate. The party will be directed by the hand of a master. The affection and loyalty he inspires in the southern part of the State are a tribute to the merit and worth of the man. The Republican party of San Francisco may feel proud of the work they did in securing his nomination. He had no more devoted followers in the southern part of the State than this city gave him. In the final effort it was the delegates from this city that turned the fate of battle in his favor. The convention which nominated him was the largest ever held in this State. It was thoroughly independent and its work will be ratified in November.

SAN BERNARDINO REJOICES.
 SAN BERNARDINO, Aug. 14.—The nomination of Markham was received

with enthusiasm in this county. The Republicans are also well pleased with the balance of the ticket. With a good local ticket San Bernardino county gives from six to eight hundred Republican majority.

GILROY SATISFIED.

GILROY, Aug. 14.—The nomination of Markham, when bulletined yesterday, created a little enthusiasm. Today good Republicans fell into line and endorsed the nomination. J. W. Rea as Railroad Commissioner pleases them particularly, as he is a native born to Gilroy. The balance of the ticket is generally commended. There will be no kickers here.

The Veterans Well Pleased With Recent Pension Legislation.

A Grand Banquet Tendered to the Visiting Delegates.

Gen. Sherman Delivers a Characteristic Speech—Addresses by the New Commander-in-Chief and Others.

By Telegram to The Times.

BOSTON, Aug. 14.—[By the Associated Press.] The Grand Army Encampment was called to order at 11 o'clock. Past Commander-in-Chief Merrill presented the report of the Pension Committee, which was adopted, with thanks. The report of the committee details the work of its members in securing and aiding pension legislation in Congress and its successful efforts in regard to the Disability Pension Bill that became a law on July 27th. "This law," says the report, "while not in the precise form of the bill presented by the committee, preserves the most important features thereof. It is the most liberal pension measure ever passed by a legislative body in the world and will place upon the rolls all survivors of the war whose conditions of health are not practically perfect."

Gen. Sherman then, in a feeling address presented a beautiful and elaborate clock and mantle ornaments to Comrade Warner, who eloquently responded. The presentation was made in behalf of the National Encampment.

A committee of the Woman's Relief Corps was then presented, and after an exchange of courtesies retired.

The committee on changes in the rules presented a report recommending various changes. The minority report favors adopting a resolution providing for the substitution of the old ritual for the present one. This was adopted.

The committee reported adversely on the proposition to change the rules so that hereafter Past Department Commanders shall not be entitled to seats in the National Encampment.

Advised from the sessions of the National Encampment and Woman's Relief Corps the greater part of the G. A. R. celebration is over. The number of reunions today was comparatively few. Many have already left for their homes. The second day's session of the annual convention of Ladies of the Grand Army was held today. Reports were read and deferred. Mrs. Catharine Hersch of Louisville was chosen president. Mrs. Julia Johnson of Altoona Senior Vice President, and Sarah A. Metcalf of San Francisco, chaplain.

At the meeting of the Woman's Relief Corps today, Mrs. McHenry of Iowa was elected National President, and Mrs. Elizabeth Turner of Massachusetts Senior Vice President.

The principal events of Grand Army week were concluded this evening by a grand banquet at Mechanics' Hall commencing at 7 o'clock.

The banquet was a most successful one, and the delegates to the encampment and invited guests, over 1000 in all, Department Commander Insley presided. Among the guests who occupied seats of honor were Gen. Sherman, Gov. Brackett, Mayor Hart, Gen. Sickles and Past Commanders-in-Chief Devens of Boston, Knautz of Toledo, Fairchild of Wisconsin and Warner of Missouri.

Commander Vasey when called upon thanked the soldiers for their cordial meeting. He was glad that the organization was based on merit; not on rank, but on the spirit impelling a man to enter the army for the sake of liberty throughout the world.

Col. Charles H. Taylor then introduced Comrade Sherman of the United States, a delegate from Missouri.

Gen. Sherman said: "I am glad that you have taken command. I have seen one young man pass today and a new one installed with that gentleness and subordination to authority which marks our American history and which is the best promise of a glorious future of any single feature in our American government. In looking back upon the past as one of your old commanders I am well pleased with you, my sons." [Applause.] The general closed with the sentiment that his men might continue in their good work, for although he hoped that war would not come, he prophesied that they would continue to recur as long as human nature remained as it is now.

Gen. Sickles and Gen. Alger followed. The last speaker was Corporal Tanner. He eulogized the faithfulness of the volunteer soldier, and closed an eloquent address with another tribute to the hospitality of Boston.

SHIPPERS WIN.

The Obnoxious Bill of Lading Materially Modified.

CHICAGO, Aug. 14.—[By the Associated Press.] Shippers throughout the United States have gained a victory over the railroads in securing a modification of the uniform bill of lading. The concession made by the carriers consists of striking out the words "not negotiable," against which the chief complaint was made at a meeting of the joint committee of the trunk lines and Central Traffic Association and representatives of the lake and rail lines, which was held in this city today, the subject was fully discussed in the light of the objections raised by the commercial organizations of the country. Some threatened discontinuance of the use of the new bill of lading unless it was adopted by all lines, as shippers were now discriminating in favor of the Grand Trunk, Wabash and four lake lines that refused to adopt it in its present form.

Chairman Blanchard, of the Central Traffic Association, strongly recommended that the words "not negotiable" be stricken out. The recommendation was unanimously concurred in, and thus amended the bill of lading was adopted by all lines, to take effect September 1st. Representatives of Grand Trunk and Wabash accepted the new form, as did all the lake lines.

WARRING REPUBLICS.

The Opening Hostilities in Central America.

NEW YORK, Aug. 14.—[By the Associated Press.] Advice from Chingo, Guatemala, under date of July 20th give the following:

The fight at Blue Rock proves to have been more serious than was first reported. It seems some 2000 Guatemalan troops came to the assistance of the Liberal force of Salvador troops,

and the regular troops of Gen. Ezeta drove them back and scattered them, capturing eight pieces of artillery. The defeated troops returned to Jutiapa, their ammunition exhausted. Pickets of Guatemalan troops were fired upon at Contepuque, about six miles from here, this morning. Although war has not yet been declared, a big fight is expected daily, as this is the only point at which Ezeta and his army can enter Guatemala. There are 5,500 troops here, 1040 more at Contepuque and 3,000 at Contepuque, and 8,000 scattered along the frontier east from here.

The force here is under command of Gen. Cayetano and Capt. B. Emile. A French artillery engineer is second in command. There are twenty-four pieces of artillery here which were brought over one hundred and thirty miles on the mountain road by Capt. Emile. He had to use 450 mules beside oxen to get the guns over one hill. The troops are in good condition and well armed. The work on the trench is being pushed rapidly.

CONGRESS.

SENATOR PLUMB ATTACKS THE TARIFF BILL.

Proposed Bounty to Tin-Plate Manufacturers—A Ruling of Speaker Reed Sustained by the House.

By Telegram to The Times.

WASHINGTON (D.C.) Aug. 14.—[By the Associated Press.] Senate—The Tariff Bill was taken up, the pending question being on Mr. Vest's amendment to reduce the duty on tin plates.

Mr. Mitchell addressed the Senate in defense of the high protective system as the policy to which the Republican party stands committed. He discussed in detail, and generally in terms of commendation, the bill as reported by the Finance Committee, qualifying his commendation, however, on the sugar question, and expressing the opinion that the provisions of the House bill on that point were preferable to those recommended by the Finance Committee.

Mr. Plumb gave notice of an amendment, which he would offer, to strike out the provision imposing a duty on tin plate, and to add a provision to pay to the manufacturers of tin plate made in the United States a bounty of one cent per pound. He expressed great doubt as to the effect of the proposition of the Finance Committee. He doubted very much that it would permanently introduce into this country the manufacture of tin plate in quantities sufficient for domestic consumption. He had no doubt that in time if the manufacture of tin plate were entered upon in this country one of the results would be to reduce the price, but he did not find in the present situation any ground for a reasonable presumption that there would be, in one year, or five years, or ten years, enough tin plate in the United States to meet the local demand. He was willing to "beg off" and to ask those men who were now preparing to manufacture tin plate not to exercise the power which they had got in the American Congress and not to force an increase of duty on all tinware used in the country, on every tin cup, on every tin plate, and coffee pot, and on every yard of the roofing in the United States, and instead of increased duty, to take a bounty of 1 cent a pound or 2 cents if necessary. If they were reasonable men they ought to be willing to do that.

After considerable debate a vote was taken and Mr. Vest's amendment was rejected.

Mr. Plumb offered the amendment of which he had given notice, to strike out the clause imposing a duty of 22-10 cents per pound on tin plate—reserving the other proposition as to bounty; but he finally withdrew it and offered another, making the duty on tin plate 1 cent per pound and providing for a bounty of 1 cent a pound on tin plate manufactured in the United States.

Without action on the amendment the Senate adjourned.

House.—The first business in order was the vote on sustaining the decision of the chair overruling the point of order made by Mr. Springer of Illinois, that the Nat McKay relief bill must be considered in Committee of the Whole.

The decision was sustained, yeas 114, nays 81; the Speaker counting a quorum. The House then resumed consideration of the Nat McKay bill.

It was soon found that no quorum was present and the House adjourned.

CHICKASAW POLITICS.

The Red Man an Adept in Bulldozing Tactics.

WYNEWOOD, I. T., Aug. 14.—[By the Associated Press.] A runner arrived early this morning after traveling fifty miles from Stonewall and reports that a row was narrowly averted at that place, and hostilities are only prevented by superior forces at the command of Gov. Byrd, who so overawed the disfranchised whites that after some display of arms they prudently withdrew. Stonewall was the largest voting place and was the center of interest in the election. Both candidates for Governor, Sam Paul and William Byrd, were at the polls all day. Each had a large number of men at his back.

Paul's supporters were disfranchised whites, while the full-bloods and most of the half-breeds were for Byrd. The latter also had 114 militia under his pay. Everybody is heavily armed, and when the polls opened matters looked serious. Gov. Byrd brought the militia about the polls, forming a circle around it. The first squaw man was refused the privilege of voting, and retired. The whites gathered their forces, and for a time it looked as if they meant battle, but Byrd, with his militia, stood firm, and the whites, seeing they would be worsted in the fight, left, and Byrd and his militia ran things to suit themselves and even prevented the Indians from voting when they knew they were for Paul. The result was 106 for Byrd and 6 for Paul and 15 for Burris (Independent). Enough is known to assure Byrd's election and the success of the so-called Indian party; but the election is bound to be contested.

The Strike Situation in the East.

Powderly Talks of Arbitrating the Central Troubles.

Arthur Again Declares that His Men Will Not Go Out.

Indications That the New York Central Had Been Preparing for the Walk-out for a Long Time.

By Telegram to The Times.

NEW YORK, Aug. 14.—[By the Associated Press.] Vice-President Webb, of the New York Central, said this morning that the only delay incident to the strike was at East Albany. Everywhere else things were moving as usual. Webb did not put much faith in the rumor that firemen were being called out, and the strike on the Delaware and Hudson he regarded as a small matter, easily settled.

Local assembly, 1705 of the Knights of Labor of Dovers Plains denied today the truth of the report that the assembly had disbanded. Lee affirmed today that everything was progressing satisfactorily and the men were as determined as ever.

CLEVELAND, Aug. 14.—An Associated Press dispatch from Albany, yesterday, stated it was reported that Grand Master Sargent had ordered out the New York Central firemen. Sargent arrived here this morning from Terre Haute. He was intercepted by an Associated Press reporter. When told he was expected in Cleveland to arbitrate the strike question on the New York Central he said: "I have come to Cleveland to meet a committee of our men from Youngstown to consider questions of business relative to the convention. My trip has nothing to do with the strike on the New York Central."

Grand Master P. M. Arthur of the Brotherhood of Engineers is also here and both are stopping at the same hotel. This seems significant.

Chief Arthur says positively that his organization will not take any action whatever in the strike, and he does not believe the firemen will either. BUFFALO (N. Y.) Aug. 14.—The Knights of Labor held a session here this afternoon and state that by tomorrow noon the Central will find out that the strike is not over. The walls of the Central Depot bear a lot of freshly made signs similar to those that appeared on the night before the strike. A general meeting is called for tonight.

ALBANY, Aug. 14.—General Manager Young of the Delaware and Hudson this morning said: "Nearly all the men who were out have reported for duty. They said, however, they could not go to work until they received orders from their committee, who are in consultation with the leaders of the Central strike. Unless they go to work at noon their places will be filled by other employees of the company now on the way here from various points along the road. Employees of the Delaware and Hudson are organized only between here and Troy, and there is no fear of a general tie-up."

Two hundred Pinkerton men, part of them armed with Winchester, took possession of the West Albany freight yards this morning. New hands in sufficient numbers to operate the yards went to work to move freight. No violence is anticipated.

Later in the day the yard-men who went out on the strike on the Delaware and Hudson at this point returned to work. They became satisfied that their suspicions that the Delaware and Hudson was knowingly handling Central freight were unfounded.

Central Workers' Union claims to be satisfied with the condition of things in New York and this vicinity. He said the Central road was having a hard time in their endeavor to raise the freight at West Albany. The strikers had got hold of the men who came from Chicago and Boston yesterday with the result that this morning forty-two experienced Western railway men who were to be put at work at West Albany refused to go to work.

In conversation with half a dozen men who came on from Chicago it was learned that many men had been under contract with the Central for weeks before the strike was declared.

DETROIT, Aug. 14.—The General Executive Board of the Knights of Labor suddenly resolved today to finish their labors in New York and started for that city tonight. In a speech before the assemblage of Knights of Labor this evening Powderly said he and his comrades were going to New York to demand arbitration in the matter of the New York Central and Hudson River railway strike.

Women Voters Preparing for an Election.

THE PROHIBITION PRIMARIES.

Naughty Boys With Slungshots—A Property Transfer—Marriage at Pasadena—Briefs and Personal.

T. E. Talcott left last night for San Francisco, where he is engaged to build a residence.

Mr. Ed Cochran, Pasadena's youthful inventor, has just completed his latest invention, a machine for clipping horses.

Wedding bells have again been ringing in North Pasadena, this time at the residence of Mr. Turner. The contracting parties were Mr. George W. Dell and Miss Lizzie Turner. Rev. H. T. Statts performed the ceremony.

The funeral of Miss Della Zimmerman took place yesterday from the family residence in Monrovia. Deceased was 10 years and 18 days old.

W. A. Heas, of the firm of Heas Bros., left for the East yesterday on business. Before he returns he will visit the cities of St. Louis, Chicago and Cincinnati.

Roger Plant is in town again, after a protracted vacation.

There has been much complaint about boys using slungshots, and that a great deal of damage has been done, not only to windows but to chickens and domestic pets. The boys are also in the habit of shooting mocking birds for their feathers. There is also a law against this, and a heavy fine will be imposed on all offenders.

Sixty-seven members have already been received into the Athletic Club.

Dr. G. Roscoe Thomas returned to Catalina yesterday.

Mr. and Mrs. Taylor left on yesterday's overland for Waterville, Iowa.

Mr. Hunt and family leave on today's overland for Los Angeles.

Mrs. C. H. Randall is reported very ill at her residence, corner Mary and De La Cruz streets.

Mr. and Mrs. F. Martin Summers leave for Catalina today.

Miss Eliza Elliott left on yesterday's overland for a six week's visit to Boston.

Messrs. Masters and Furlong, the Democratic delegates from Pasadena to the State Convention, leave for San Jose today.

Dr. F. C. Porter, a professor of Yale college, is the guest of Mrs. McCandless.

A large delegation of the Knights Templar went to Los Angeles last night to witness the conferring of the Black Cross degree in the Court de Lion Commandery.

John T. Buchanan's house on Winona avenue has been sold to Thayer and Chahill of San Luis Obispo, the consideration being \$5000. The terms were one-half cash and an improved orchard in San Luis Obispo county.

Mr. Gleason, a Massachusetts gentleman who has made some recent deals in property in San Bernardino county through a Pasadena firm, will move to Pasadena in the fall and make his permanent residence here.

W. F. Cogwell is registered at the Acme.

Miss Nellie Weinhardt arrived home yesterday after a three weeks' visit to San Jacinto.

Roscoe Johnson was on the street yesterday. He is connected with the Union Ice Company at San Bernardino.

Our townsmen, D. Galbraith, was made a director of the Los Angeles Abstract Title Insurance and Trust Company, at its recent reorganization. Councilman C. M. Simpson is also an official.

PROHIBITION PRIMARIES.

The women of Pasadena are rejoicing over the rights granted them by the prohibition party. Yesterday there were several doggers passed around notifying the prohibitionists of the primary elections, next Saturday evening, to select delegates to the State Convention. They also stated that women could vote, and that they could go as delegates.

The following polling places have been selected in Pasadena by the Central Committee: First Precinct—A. F. M. Strong's residence; A. F. M. Strong, judge; 13 delegates.

Second Precinct—Joseph Wallace's house; Joseph Wallace, judge; 4 delegates.

Third Precinct—J. H. Fleming's house; J. H. Fleming, judge; 4 delegates.

Fourth Precinct—Dr. Allen's house; Dr. Allen, judge; 4 delegates.

North Pasadena—W. I. Keese's residence; W. I. Keese, judge; 7 delegates.

The party test and membership as prescribed by the State Central Committee is: That the voters for the nominees of the State Prohibition Convention at the last State election and all who pledge themselves to support the prohibition party and work for the principles thereof can vote.

The convention meets next Tuesday, August 19th, at the Temperance Temple, in Los Angeles.

UNREQUITED LOVE.

Suicide of the Railroad Agent at Oceanside.

OCEANSIDE, Aug. 14.—[Correspondence of THE TIMES.] Last night about 10 o'clock, when the night watch at the Santa Fe railroad depot took his last look into the office, he was horrified to find lying on the floor near the ticket office in a pool of blood, the form of a man, who on close inspection proved to be H. N. Gregorie, the recently-appointed station agent at this place.

Hastily the watchman summoned aid, and Dr. Stroud, as the first man on the ground. After a careful examination he found the agent still alive, though there were found upon his person four bullet holes made by a very small weapon. There was a hole in the center of the forehead, one in the front, and two in the back of the neck, and lying close by his side was a 22-caliber revolver, which the suicide had evidently used to take his own life with.

Mr. Gregorie was almost a stranger in this place, as it has been but a few days since he was transferred here from Encinitas. As far as the acquaintance had progressed it was favorable to the gentleman, as every one had a good word for him and with the railroad company he stands well.

Mr. Gregorie is a young man still and though having been married, has been a widower, but a short time and leaves two children, bright little girls. No reason for the suicide is known, but it is reported some young lady living in Encinitas to whom he was engaged had broken off the engagement. However, this is a rumor and the Coroner's inquest will probably develop the cause.

Great Odd and End Shoe Sale Inaugurated—Some Bargains Hard to Find Anywhere Else in the Country.

PEOPLE'S STORE, Friday, Aug. 15, 1890.

Where under the sun can you see the variety of wares in any one establishment that we show? Nowhere. We aim to give you better assortment, lower prices, more lines than any house west of Chicago. In fact there is no other place in the West where, under one roof you can buy the variety of lines we carry.

That our prices are right, that our methods are proper can be attested by the large and growing trade we enjoy.

As an example of the values we would call your attention to the display in our show windows with prices placed thereon. Are the prices right? They must be, otherwise we would not display the plain, cold figures, which are more or less a challenge for others to undersell, if they can.

A PERFECT COMPLEXION.

Mrs. A. Ruppert's WORLD RENOWNED FACE BLEACH.

IS NOT A COSMETIC, BUT A THOROUGH cleanser of the complexion, having the same effect on the face as our wearing apparel, by friction, has on the rest of the body, thus gently removing the dead, callous cuticle that covers the pores, cleaning the latter of all poisonous fillings, and drawing from beneath the skin all impurities or discolorations. Face Bleach has been thoroughly tested, and having this action, it cannot fail to clear any skin, remove entirely freckles, moth-patches, blackheads, chronic pimples, eczema, acne, roughness, and any discoloration or blueness of the complexion.
